## **Elixir Technology named Deloitte Technology Fast 500 Asia Pacific 2007**

Singapore, December 6, 2007 – Elixir Technology today announced that it has been named in the Deloitte's Technology Fast 500 Asia Pacific 2007 List, a ranking of the 500 fastest growing technology companies from Australia, China, Japan, India, South Korea and other countries in the Asia Pacific region. Elixir has achieved an impressive 163.86% revenue growth over a three-year period from 2005 to 2007, earning Elixir a place in the Fast 500.

"Attracting enough customers to attain such fast growth over three years makes a strong statement about the quality of a company's product and its leadership," said Ian Thatcher, partner in charge of Deloitte's Technology Fast 500 Asia Pacific program. "Elixir Technology has shown the right caliber for growth."

The Deloitte Technology Fast 500 is a program that ranks the 500 fastest growing technology companies, public or private, based on percentage revenue growth over three years and includes all related industry sectors – life sciences, computers and peripherals, internet, software, communications, semiconductors, and components and electronics.

"We are very honored to be in the Deloitte Technology Fast 500 Asia Pacific 2007 list. This achievement is the direct result of the drive and determination of everyone in Elixir, who have worked hard while enjoying every minute of it together, and not the least the tremendous support from each of our partners and customers. This will spur us on towards delivering even greater value with more innovative solutions, as we continue to scale new heights.", said Lau Shih Hor, CEO of Elixir Technology

### **About Deloitte**

Deloitte refers to one or more of Deloitte Touche Tohmatsu, a Swiss Verein, its member firms, and their respective subsidiaries and affiliates.

**Deloitte.**  
Technology Fast500  
Asia Pacific 2007 Winner

Deloitte Touche Tohmatsu is an organization of member firms around the world devoted to excellence in providing professional services and advice, focused on client service through a global strategy executed locally in over 140 countries. With access to the deep intellectual capital of approximately 150,000 people worldwide, Deloitte delivers services in four professional areas—audit, tax, consulting, and financial advisory services—and serves more than 80 percent of the world's largest companies, as well as large national enterprises, public institutions, locally important clients, and successful, fast-growing global companies. Services are not provided by the Deloitte Touche Tohmatsu Verein, and, for regulatory and other reasons, certain member firms do not provide services in all four professional areas.

As a Swiss Verein (association), neither Deloitte Touche Tohmatsu nor any of its member firms have any liability for each other's acts or omissions. Each of the member firms is a separate and independent legal entity operating under the names "Deloitte," "Deloitte & Touche," "Deloitte Touche Tohmatsu," or other related names.

## **About Elixir Technology Pte Ltd**
